

Hello Homeowners & Residents,

We hope you enjoyed the August long weekend!

For informational purposes, we wanted to share that both Uride and Uber ride-hailing services are now available in our community. This may be old news to some of you, but there was a time when the area was not serviced.

Uride is Canada's fastest growing ride hailing service. Their customer service department has confirmed that their service covers the entire Tower Ranch area and promised to let us know if there were any special promotional events for the community in the future.

You may be more familiar with Uber, a multi-national, American-based company that has been providing ride-hailing and food delivery services for many years. Initially when the City of Kelowna approved the launch of Uber, their business model did not include this neighbourhood, but that is no longer the case.

Given that the community does not have easy access to public transportation, knowing these ride-hailing services are available to get you where you need to go may be of benefit to you sometime in the future.

Kind regards,
TRCA
